

Site excavation is near completion at the new lift station

Crews will continue site excavation and pouring concrete at the southeast corner of Wilshire Blvd. and Bradford Ln. in preparation for the lift station's foundation for the next two weeks. In early November, construction of the new lift station structure will begin.

Construction along Bradford Ln. begins Monday

Crews will begin excavating a trench and installing sewer pipe along Bradford Ln., moving south from Wilshire Blvd. to Monmouth Rd. Please note that you may experience an increase in noise and vibrations during this activity through late 2016.

Monmouth Rd. and Bradford Ln. intersection closes Monday

Crews anticipate closing this intersection on Monday, October 21 to continue pit excavation. Access around the closure will be available by using Leslie Rd. (see map at right). The Bradford Ln. and Monmouth Rd. intersection is anticipated to remain closed for one month .

Nearby Road Construction Projects

The City of Mound also has nearby work occurring on other local streets. For more information about city projects and to sign up for city road construction updates, visit the City of Mound's website at www.cityofmound.com.
