Program Highlight!

RECYCLE YOUR HOLIDAYS

In 2009, ATHC partnered with the Recycling Association of Minnesota on Recycle Your Holidays. The Recycle Your Holidays program resulted in 100,000 pounds of light strands collected statewide during the 2009-2010 season at 175 locations. ATHC collection efforts resulted in 75,000 pounds of the 100,000 pounds collected. The 75,000 pounds of lights recycled through ATHC will result in the green house gas savings of 2,051,837 pounds of CO(2) equal to removing 178 vehicles from the road for a year!

For more information and a map to all locations accepting holiday lights, visit www.athc.org.
