PLEASE TURN OFF ALL CELL PHONES & PAGERS IN COUNCIL CHAMBERS.

CITY OF MOUND MISSION STATEMENT: The City of Mound, through teamwork and cooperation, provides at a reasonable cost, quality services that respond to the needs of all citizens, fostering a safe, attractive and flourishing community.

AGENDA

MOUND CITY COUNCIL

REGULAR MEETING

WEDNESDAY, NOVEMBER 12, 2025 - 6:00 PM MOUND CITY COUNCIL CHAMBERS

- Opening meeting
- 2. Pledge of Allegiance
- 3. Approve agenda, with any amendments

*Consent Agenda: Items listed under the Consent Agenda are considered routine in nature, have been evaluated by staff, recommended by staff for approval by the Council, and will be enacted by a single roll call vote. There will be no separate discussion of these items unless a Council Member or Citizen so requests. At this time, anyone present who wishes to offer <u>dissenting</u> comment to any items on the Consent Agenda is invited to identify themselves and the item of concern so that the it may be removed from the Consent Agenda and considered after discussion in normal sequence. Separate introduction or further <u>support</u> from petitioners or requestors is not required at this time and removal of an item from the Consent Agenda for this purpose is not required or appropriate.

4.	*Con	sent Agenda	<u>Page</u>
	*A.	Approve payment of claims	2808 - 2844
	*B.	Approve minutes: October 28, 2025 City Council Minutes	2845 - 2854

MOUND CITY COUNCIL MINUTES October 28, 2025

The City Council of the City of Mound, Hennepin County, Minnesota, met in regular session on Tuesday, October 28, 2025, at 6:00 p.m. in the Council Chambers in the Centennial Building.

Members present: Mayor Jason Holt, Council Members Sherrie Pugh, Kathy McEnaney, Kevin Castellano, and Michelle Herrick.

Members absent:

Others present: City Manager Jesse Dickson, Kevin Kelly, City Clerk, City Consulting Engineer Brian Simmons, Community Development Director, City Attorney Scott Landsman, Marge Beard, Rita Trapp, Gene and Becky Hill, Helen Canning, Becky Hill, Tyler Pieper, Scott Erickson, Pauline Krebs.

Consent agenda: All items listed under the Consent Agenda are considered to be routine in nature by the Council. There will be no separate discussion on these items unless a Councilmember or citizen so requests, in which event it will be removed from the Consent Agenda and considered in normal sequence.

1. Open meeting

Mayor Holt called the meeting to order at 6:01 p.m.

2. Pledge of Allegiance

3. Approve agenda

Dickson said there are two amendments, Item 4E removed from the Consent Agenda and Item 7 amended to include two letters of feedback from neighbors.

MOTION by Castellano, seconded by McEnaney, to approve the amended agenda. All voted in favor. Motion carried.

4. Consent agenda

MOTION by McEnaney, seconded by Pugh, to approve the consent agenda. Upon roll call vote, all voted in favor. Motion carried.

- **A.** Approve payment of claims
- B. Approve Minutes: October 14, 2025 City Council Regular Meeting
- **C.** Approve Resolution 25-86: approving permits for 2025 Mound Tree Lighting on Thursday, November 20, 2025 and waive fees due to public purpose of gathering
- **D.** Pay Request No. 1 in the amount of \$128,224.45 to Pember Companies for the for the Lost Lake Commons Phase 2 Improvement; City Project No. PW-25-10
- E. REMOVED

- **F.** Pay Request No. 3 and Final in the amount of \$3,340.99 to Create Construction for the 2025 Downtown Sidewalks Project Group 3, PW-25-08
- **G.** Pay Request No. 6 and Final in the amount of \$3,320.85 to Create Construction for the 2025 Downtown Sidewalks Project Group 2, PW-24-08

5. Comments and suggestions from citizens present on any item not on the agenda. No one came forward.

6. Presentation by Marge Beard, Three Rivers Park District 1 Commissioner

Beard presented a Three Rivers Park District (TRPD) update and provided the following information.

The TRPD was established by legislature in 1957

- Seven Commissioners make up the Board with five being elected and two are appointed
- Encompasses suburban Hennepin County
- Partnership with Scott County for many years
- 25 Parks
- 27,000 acres of land
- 175 miles of regional trails
- 300 miles of trails within Three Rivers Parks
- 16 million visits a year

Natural Resources

- 100 AIS trained inspectors
- Crow Hassan Park Reserve largest restored prairie in the metro area
- Recreation opportunities include; Golf, Swimming, Biking, highland Hills ski area and cross-country skiing at Baker Park

Welcoming everyone to nature

- Try It Program Ice Fishing Event in 2026
- Mississippi Gateway Regional Park ribbon cutting recently includes classrooms, access to the Mississippi River, water feature to get kids to interact with the River, elevated Tree Tops trail

Improving Water Quality at Whaletail Lake

• Adjacent to Gale Woods Park which includes a partnership to conduct alum treatments to clean up phosphorous in the water

Chronolog Citizen Science Monitoring Project

- 25 stations to send photos to natural resources team to create a time sequence of those areaa Dakota Rail Trail
 - Great amenity

Moving Forward

continuing partnerships with cities in order to do an even better job serving residents

McEnaney asked about trail plowing to which Beard said there are winter maintenance agreements with cities to maintain the Dakota Trail.

Pugh asked about strategic planning with Three Rivers. Beard said these strategies start with the City Comprehensive Plan.

Beard said the TRPD recently purchased property to expand Gale Woods Farm and is pending the City of Minnetrista approval of the land sale.

Holt thanked Beard for the collaboration with the City and County on the Dakota Trail crossing of Shoreline Blvd.

7. Council Introduction - Presentation of concept plan from Max Bitterman, on behalf of The Dog Wellness Club, for reuse of the building and property at 4851 Shoreline Drive to develop a facility to provide dog day care, boarding, and training with indoor and outdoor spaces

Trapp, City Planning Consultant, said the applicant is here to meet with the Council. Trapp said applicant is looking for Council input on the proposed Dog Day Care and Boarding facility. Trapp said the use is not specifically listed in the City Code as an allowed use. Trapp said, the applicant, if the project moves forward, would need to request a zoning code amendment and Conditional Use Permit. Trapp said property is mixed use and a use change would affect all of the mixed-use commercial districts in the City.

Trapp said staff are her to provide background on the proposal. Trapp said if the Council approves the use the Council would need to approve a zoning code amendment to the City Code. Trapp added that the applicant is here for Council questions and consideration.

Max Bitterman, said he lives in Orono and his business address is 221 Border Ave. in Minneapolis. Bitterman said his day care has provided training since 2019 with a dog centric approach through studying dog behavior. Bitterman said the training includes pairing older dogs with puppies and training of adult dogs which is specific to creating a cohesive group dynamic.

Bitterman said the current business is near the Farmers Market in Minneapolis and is next to a Child Day Care. Bitterman said his business employs impervious turf with products which reduce odor and his regularly rinsed off. Bitterman said he wanted to address noise concerns which include noise reducing fencing and arbor vitae planting and tree hedge as well as the dogs not being unattended while outside the building.

Castellano asked what are the proposed operating hours would be especially considering barking. Bitterman said the dogs are typically outside and attended to between 8 a.m. and 6 p.m. and would be open on the weekend. Bitterman said the Minneapolis location has been open since March of 2018.

Holt asked about complaints at his Minneapolis location. Bitterman said the neighbors have not complained and there is a bar and neighboring residential units. Bitterman said staff pick up feces right away and will rinse the surface if needed.

Bitterman said the average number of 40-50 dogs a day during the week and 25-30 on the weekend. Bitterman said they have lower numbers as they run their business differently from the typical Day Care/Boarding business.

McEnaney said she is concerned about the zoning impact as the area is residential.

Scott Erickson,1940 Shadywood Road, Orono, said he is a dog lover and owns the properties on both sides of the proposed business. Erickson said he is concerned about running a business and the noise created by 50 dogs a day at the neighboring business. Erickson said this location on Shoreline is going to be less noisy than the location in Minneapolis.

Becky Hill, 4835 Bartlett Blvd., said she lives across the proposed employee parking area. Hill asked how big is the space at the back of the building for the dogs to congregate. Bitterman

said the drawing is a concept plan and the dog run is about 60 feet from the curb. Hill and Bitterman spoke of the number of employee parking spaces at the back to the building. Hill said a renter nearby owns a large St. Bernard with a booming bark which is triggered by any activity in the area and will be a disruption.

Bitterman and the Council discussed the parking plan at the location. Bitterman said there are seven employee parking spots with four employees working on each shift.

McEnaney asked if there will be 40-50 dogs with 40 to 50 cars daily at the site? Bitterman said during the week 80% of the dogs are daily visits and on the weekend the dogs are 80% boarding. Bitterman said the parking usually is in the a.m. and then in the late afternoon for pick up.

Bitterman said his team uses a behavioral response to keep dogs calm and social in and out of the building.

Trapp said if the Council would like the need to identify a use as a dog care or dog boarding kennel is not listed on the use table and then identify in the code where to allow in zoning districts. Trapp added this in not a pet hospital or clinic which is allowed without boarding.

Trapp said a zoning amendment would allow the use across a zoning district. Pugh said the zoning amendment would occur in any area of the City to which Trapp said yes in four different zoning areas. Trapp said there can be considerations which the Council would put on the specific business. Trapp said the mixed use corridors are from Bartlett Blvd to the downtown area and on Shoreline Blvd. from Chateau to Caribou Coffee and the Post Office. Trapp said a text amendment would be considered if approved and at that time staff will present the amendment to the Planning Commission and then go to the City Council for discussion and approval.

The Council and Trapp discussed the Veterinary Clinic in Mound is not a commercial boarding facility and is being cared for due to health reasons.

Castellano said he is in favor of approval but he needs to understand the issue more fully. Pugh in favor of the business concept but is not sure about the site. Herrick said she likes the concept and is a homeowner could be concerned about the noise and this is a viable business with a valuable service/resource which is needed. Herrick said she wants to support the businesses.

McEnaney said she likes the business model though is concerned about the local residents. Holt said he would love another business but is nervous about the barking. Holt suggested doing a noise study and Shoreline Blvd. is noisy and is concerned about the noise.

Holt suggested a video. Bitterman said he can take a video and do noise testing at his Minneapolis facility. Holt said if noise and parking are not a problem he would be in favor of approving.

8. Mound Business Pole Concepts

Pauline Krebs, owner of Minuteman Press at 2361 Wilshire Blvd., Suite A, said she has been running the print shop for four years. Krebs said she talked to McEnaney about banner concepts and is here to answer any questions from the Council.

Krebs said the size of the banners is 30" by 80" and is printed on black vinyl with an area for business logos. Krebs said the banners would stay up for 12 months and the cost is based on businesses and people sponsoring a banner with specific areas targeted to start placing banners in the center and work outward to help with business buy-in. Krebs said she has led the Spring Park banner program for the past three years which has been successful.

Krebs said she looks to businesses and put in a lot of thought in to the concepts. Krebs then handed out visuals to the Council of the three concepts she has proposed. Krebs said the people in Mound are amazing, down to earth, creative and business orientated.

Krebs' three concepts are the following:

• Community Family Fun Banner idea

The concept panel included; kids running and playing, young adults sitting down and enjoying themselves, a group of business owners and a retired couple walking their dog. The Concept is about family and fun and Mound being a warm and welcoming area.

Lake Life

This banner would be a repeated banner concept to represent the lake and have different businesses using their logo.

Lake Life - Seasons

Krebs said this concept adds more color to the basic Lake Life banner

Krebs said she is looking to the Council to get feedback and to help plan out a concept for Mound.

Pugh asked how many Mound businesses have banners in Spring Park. Krebs said because Mound have banners because Mound didn't have a banner program and because of the traffic through Spring Park.

Castellano said he liked the Seasons banner concept and liked the business logo on the bottom of the banner. Krebs discussed the use of the City Logo on the banners.

McEnaney said she liked the Seasons concept and didn't like how the Mound named was portrayed on the proposed banner. McEnaney liked the larger business logo at the bottom of the banner as it takes up 1/3 of the banner.

Krebs said her process is to give the business owner a proof of the banner for their approval.

Pugh asked if Mound businesses will move their banners back to Mound from Spring Park.

The Council discussed the area of banner placement which will be in the commercial areas of Shoreline Drive and Commerce Blvd.

Pugh said the Seasons concept is too busy though she likes the business logo on the bottom. Herrick said she is concerned about the Seasons concept as it does get a little busy which won't be changed with the seasons. Herrick liked the Community Family Fun concept with the business logo on the bottom. McEnaney said she likes Community Family Fun but not the line drawing.

Krebs discussed color and concepts with the Council and the ideas behind the two years of banners in Spring Park.

Holt and Castellano liked the Seasons concepts and Herrick, McEnaney and Pugh liked the Community Family Fun concept.

Krebs recapped the direction from the Council which is to go forward with the Community Family Fun concept and color choices. Krebs said it would take six months to launch the banners after a concept is chosen. Krebs presented Spring Parks approved logos which that City will go forward with next.

Holt said he would like banners sponsored by Mound businesses only. Krebs said she will reach out to Mound businesses.

Krebs reiterated the direction the Council gave to her which is the use of primary colors and a depiction of a boat on the lake, the Farmers Market, bikes & trail, and fireworks themes.

9. MS4 Presentation

Brian Simmons, City Senior Engineer said the purpose of the MS4 (Municipal separate storm sewer system) presentation is to inform the public about the impacts of stormwater discharge on local water resources and the actions which have and will take place to reduce potential discharge of pollutants. Simmons said there will also be a public hearing to get public input on the City MS4 permit.

Simmons listed the following areas of the MS4:

SWPP - Storm Water Pollution Prevention Program to reduce or eliminate pollution in local waterways

- Listen to the Public Receive input
- Newsletter articles
- Public participation and involvement
- Illicit discharge detection and elimination
- Construction site stormwater runoff control
- Post construction stormwater management
- Pollution prevention good housekeeping for municipal operations

Simmons mentioned that the City May Clean-up Day is an example of the SWPP work as well as the rain barrel program which included education on storm water effects on local waters

Simmons mentioned BMP's – which are Best Management Practices to be a better steward and collaborate with Watershed District. Simmons added the City has a MPCA designation as an urbanized area which allows the City to obtain a NPDES stormwater permit

Simmons said the City has 141 outfalls in 18 separate sub watersheds which lead to 14 different lakes and bays. Simmons added the City has emplaced 60 sump structures since 2007 and there have been two illicit discharges detected and responded to in 2025.

The Council asked Simmons for a map of the City Storm Water Infrastructure.

Simmons listed program highlights in 2024-2025

- Inspection and maintenance on all stormwater BMP's
- Inspected a residential development Artessa

- Participated in Adopt-a-storm drain
- Installed stormwater management infrastructure at Enchanted Lane
- City cost share to support Harrison Bay Association in the 2024 & 2025 rain barrel programs
- Worked with local organization on potential stormwater treatment improvements at street ends
- Installed stormwater filtration basin at Surfside Park
- Coordinated a programmatic maintenance agreement between City and MCWD for BMP management
- Storm water popes separation repairs
- Storm water outfall/holding pond cleanout excavations
- Clogged inlet/outflow pipes cleaned out

Simmons listed the following City Infrastructure in place from 2007 - 2025

- Nine Hydrodynamic separators
- Two pervious pavement lots
- Two water quality vaults
- Seven bioretention basins
- Two dry retention basins
- Cleaned 10 drainage swales/ravines

Plans for 2026 – Commitment to be good stewards of the lake and future program needs:

- Implement pond assessment plan
- Continue to improve efficiencies and inspection documentation and reporting
- Provide training for staff involved in the SEWPP
- Inspect all ponds and outfalls
- Partner with local organizations on potential stormwater treatment improvement/street ends

Mayor Holt opened the public hearing at 8:07

Tyler Pieper, 5504 Church Road, said he lives on the corner of Belmont and Church and he asked about apartment complexes gravel driveways and heavy rain which carries sediment out to the storm drain. Simmons said Pieper should contact City Hall with these concerns for staff to look into.

Pieper said he would like to see the stormwater map to look for opportunities for neighbors to help out with projects in many ways.

Pieper said he would like to see a study of the stormwater benefits of rain gardens which have been put in place.

Mayor Holt closed the public hearing at 8:11.

10. Centennial Building Facility Study

Simmons said Bolton & Menk (BM) were tasked with an investigation into the costs of maintaining the Centennial Building. Simmons said there is \$280K in deferred maintenance needed.

Simmons said BM staff scanned City Hall rooms with the idea to reconfigure the building to reuse the space in the basement of City Hall if Centennial is no longer owned by the City.

Simmons listed the most important use of the Centennial Building is the Council Chambers and how could the use be recreated if the Chamber were moved to City Hall and what would be the cost to make the move.

Simmons said there is a plan in place for maintenance of the Centennial Building if it is retained.

Simmons said if Centennial Building is sold to a private entity there is a \$15K cost to do the survey and plat work to put Centennial on its own lot. Simmons said the zoning of the parcel needs to be sorted out as well.

Simmons said the Facility Study determined a \$500K minimum to move all functions from the Centennial Building to City Hall.

Holt said the idea of selling the Centennial Building was his and former Council Member Larson to try to make extra money for the water treatment plant from a building which is underused. Holt said he reimagines the building being bulldozed and made into townhomes or something else.

McEnaney said she is not interested in the project and the sale of the Centennial Building is a low priority with all the other needs of the City.

Herrick said what is the cost of current and future maintenance of both the Centennial Building and City Hall and the best use of City Hall space. Holt said there is more room at City Hall than the City will ever need.

Castellano said without knowing the value of the Centennial building land the Council doesn't know what the City will be getting. Castellano said her would rather spend the \$280K to maintain the Centennial Building and keep the asset of the land.

Herrick wondered what the future maintenance costs of City Hall as the building is also aging. Herrick said what is the City vision for the building and what is the best use of City Hall space.

Pugh said the Council has not created expectations for what the Centennial site would become if the building is sold. Holt said he would like to sell the land for a housing development like townhomes or condos. Holt and Pugh discussed what the expectations of the site and the value of the land and building to the community for a small amount of money. Landsman said the City has control of the property and can dictate what future use of the property.

Herrick said the Centennial Building is not benefitting the community and the current tenants can move to other areas of the City. Pugh said the Council should be really thoughtful to the parameters of the sale of the building.

Castellano said the land is an asset which will go up in value and if it sells for \$500k currently it wouldn't be worth it. Castellano said the budget for maintenance for the Centennial Building is in the CIP. Pugh said she isn't ready to sell the building either. McEnaney said she is interested in leaving the building as is and the land is an asset and is not in a big rush to sell it.

11. <u>Review/discussion/action on Resolution No. 25-87 amending a policy on appointments</u> reappointments to advisory commissions

Dickson said this proposed new policy was discussed at the workshop meeting. Dickson said if the Council approves the policy he will put out notice in the City newsletter and make plans to do interviews by the end of November. Landsman said the appointment policy can be modified going forward.

Motion by McEnaney, seconded by Herrick, to approve the following resolution. All voted in favor. Motion carried.

RESOLUTION NO. 25-87: RESOLUTION AMENDING A POLICY ON APPOINTMENTS AND REAPPOINTMENTS TO ADVISORY COMMISSIONS

12. Comments/Reports from Council members

Council Member Pugh – Pugh said went to the Gillespie Center 25th Anniversary event and it was a great evening. Pugh said the event emphasized the strong voluntarism in the City. Pugh also attend ed the Hennepin County Library ground breaking which will give the City a state of the art library in Mound. Pugh said Trees on the site were saved.

Pugh asked if staff have talked to the businesses on Commerce to make them aware of the 2026 construction of water treatment infrastructure. Dickson said communication and public outreach will be part of the process. Council and staff discussed different avenues to communicate with the public regarding the 2026 construction of the water treatment plant infrastructure.

Council Member McEnaney – Citizen of the Year applications are due in three more days.

Council Member Castellano – Castellano had no comment.

Council Member Herrick – Herrick was wondering about the letter to the Met Council which the Council was looking to send from the City.

Mayor Holt – Holt said LMCD Open House tomorrow. Holt said Landsman determined that there are three Park lots which are not encumbered. Holt said the Council needs to come up with a game plan and give the City something to go forward. The Council discussed the plan to sell the lots and workshop ideas and direction to hand to the Park Commission in early 2026. Holt said other decisions need to be made regarding Lost Lake Commons Park.

Holt said the Tree Lighting Ceremony will have seating brought in for residents by the Parks staff for use for the event and through the winter.

Holt said he was working with Dickson on a "one pager" for the water treatment plant for the State Legislature bonding group. Holt said State Senator Ann Johnson Stewart said the City should ask for \$15Million with a City match as a more productive approach to bonding funding.

13. <u>Information/Miscellaneous</u>

A. Comments/reports from City Manager: Dickson mentioned the next meeting is on November 12th due to Veterans Day. Dickson said water tower design meeting on November 12th will be at 4:00 p.m.

- B. Reports: Fire September 2025
- C. Minutes:
- D. Correspondence:

15. Adjourn

MOTION by McEnaney, seconded by Pugh, to adj carried.	journ at 9:01 p.m.	All voted in favor. N	Motion

RE: 2025 Lift Station Improvements

City Project No. PW 25-03 Project Nos.: 24X.136464

Dear Mr. Dickson:

Please find enclosed Pay Request No. 1 from Widmer Construction for work completed on the 2025 Lift Station Improvement Project from September 15, 2025, through October 31, 2025.

We have reviewed the contractor's request, verified quantities, and recommend payment in the amount of \$232,845.79 to Widmer Construction.

Sincerely,

Bolton & Menk, Inc.

Matthew S. Bauman, P.E.

CITY OF MOUND RESOLUTION NO. 25-88

RESOLUTION APPOINTING DEPUTY CITY MANAGER LAILA IMIHY AS ACTING CITY MANAGER FOR 2025

BE IT RESOLVED that the City Council of the City of Mound, Minnesota, does hereby appoint Laila Imihy as the Acting City Manager, to act in this capacity if the City Manager is disabled, incapacitated, away on City business, or away on vacation.

Adopted by the City Council this 12th day of	November, 2025.
	Mayor Jason R. Holt
Attest: Kevin Kelly, Clerk	

MEMORANDUM

Date: November 12, 2025

To: Honorable Mayor and City Council

From: Noah Iverson, Finance Director

Subject: Street Reconstruction and Overlay Plan (SROP) Bonds

Introduction

The City Council significantly strengthened the City's financial position by adopting the 2024 Financial Management Plan (FMP). The FMP incorporates the 2024–2033 Capital Improvement Plan (CIP), which outlines strategies to fund the maintenance and life extension of streets rebuilt during the 2003–2019 CIP, as well as improvements to several streets that were not included in the previous reconstruction cycle.

Background

In previous years, the City assessed property owners who benefited from annual road reconstruction projects for at least 20% of the project costs. This approach allowed the City to issue bonds through the 429-assessment bond process.

One of the goals of the FMP was to fund future street projects without special assessing property owners, as had been done in the prior CIP cycle. During that cycle, special assessment amounts varied based on factors such as project density, bond interest rates, and the bidding environment. In response to these fluctuations, the City Council established a maximum assessment cap of \$6,600 per parcel in 2017. Additionally, cities are finding that proving the benefit of the assessment amount, as required by statute, is becoming more challenging.

With implementation of the FMP, the City now has a plan to fund future street projects without assessing.

Process

The City will use the tax levy to fund the projects as outlined in the FMP and will finance the projects through the street reconstruction bond process. This authority was granted to cities in 2002, and it generally exempts city bonds issued under a Street Reconstruction and Overlay Plan (SROP) from the referendum requirements usually required for bonding expenditures.

In order to utilize this type of financing, the City is required to prepare a 5-Year SROP which is presented at a public hearing to solicit comment and feedback from the community regarding issuing bonds to fund street projects. The SROP is included in the Council's packet for review and consideration and includes a listing of the streets to be reconstructed during 2025 - 2029. Upon conclusion of the public hearing, the Council must approve the SROP via a 2/3 vote of the

majority of the members present at the meeting. Although a referendum is not required, a reverse referendum is allowable. If a petition bearing the signatures of at least 5 percent of the votes cast in the last general election requesting a vote on the issuance of the bonds is received by the municipal clerk within 30 days after the public hearing, a referendum vote on the issuance of the bonds shall be called. It should be noted that the question on the ballot would be if the City should issue this type of bond (SROP bond) to finance the project or use cash, not on the projects being financed. If this occurs, the City could choose to:

- 1. Place the issue on a special election
- 2. Issue another type of bond which isn't subject to reverse referendum (tax abatement); or
- 3. Use cash (City doesn't have a dedicated source of funds on hand to pay cash)

Historically, cities have not received petitions for these types of projects since the projects are necessary and/or wanted by the areas being reconstructed.

Recommendation

Staff is recommending approving the resolution that authorizes the 2025-2029 SROP and approving the issuance of General Obligation Street Reconstruction Bonds.

V.	FINANCING	4
VI.	PLAN CONTINUATION	5
	APPENDIX A: PROJECT COSTS	6
	APPENDIX B: DETAILED PROJECT COSTS	7

I. INTRODUCTION

The City of Mound, (the "City") has historically issued general obligation bonds to fund all or a portion of the costs associated with its annual street and utility improvement and bituminous overlay projects. The City has utilized Minnesota Statutes 429 (special assessment improvement bonds) when at least 20% of the project costs are being assessed to benefitting property owners. When this threshold can't be met, the City has to look to other statutes to finance the projects or go to the voters to pass a referendum.

In 2002, the Minnesota State Legislature passed into law a bill which generally exempts city bonds issued under a street reconstruction program from the referendum requirements usually required for bonding expenditures. In 2013 the Legislature amended the law to allow bituminous overlays to be included in the street reconstruction program. In 2021 the Legislature amended the definition of street reconstruction and bituminous overlays to include the addition or reconstruction of turn lanes, bicycle lanes, sidewalks and paths. In addition, bicycle lanes, sidewalks and paths were added as allowable costs when widening a street. The authorization is contained in Minnesota Statutes, Section 475.58, subdivision 3b (the "Act").

II. PURPOSE

A street reconstruction program represents a major expenditure of City funds for the reconstruction or bituminous overlay of public streets. As defined in the Act, street reconstruction and bituminous overlay projects may include utility replacement and relocation and other incidental costs, turn lanes and other improvements having a substantial public safety function, realignments, other modifications to intersect with state and county roads, and the local share of state and county road projects. Except in the case of turn lanes, safety improvements, realignments, intersection modifications, and local share of state and county road projects, street reconstruction and overlays do <u>not</u> include the portion of project costs allocable to widening a street or adding curbs and gutters where none previously existed.

A Street Reconstruction and Overlay Plan (SROP) is a document designed to anticipate street reconstruction and overlay expenditures and schedule them over a five-year period so that they may be purchased in the most efficient and cost-effective method. A SROP allows the matching of expenditures with anticipated income. As potential expenditures are reviewed, the city considers the benefits, costs, alternatives and impact on operating expenditures.

The City believes the street reconstruction and overlay process is an important element of responsible fiscal management. Major capital expenditures can be anticipated and coordinated to minimize potentially adverse financial impacts caused by the timing and magnitude of capital outlays. This coordination of capital expenditures is important to the City in achieving its goals of adequate physical assets and sound fiscal management. Good planning is essential for the wise use of limited financial resources. The SROP is designed to be updated on an as needed basis.

III. PLANNING PROCESS

Staff prepare an annual Capital Improvement Plan (the "CIP") that includes street reconstruction and utility improvement projects anticipated to be undertaken within the next five years. The City prepares the CIP based on the available funding sources and presents it for public discussion with the City Council. The City Council reviews the CIP expenditures according to their priority, fiscal impact, and available funding as part of the process. Changes are made based on that input, and a final plan is established.

Over the life of the CIP, once the funding becomes available the individual capital expenditures can be made as part of individual project approvals by the City Council. In subsequent years, the process is repeated as expenditures are completed and new needs arise.

If bonding is necessary, the City works with its municipal advisor to prepare a bond sale and repayment schedule. Street reconstruction and overlay planning occurs separately from the CIP process focusing specifically on street reconstruction and overlay projects to be financed with general obligation street reconstruction bonds under provisions of the Act. The SROP is to describe the identified street reconstruction and overlay projects to be financed, their estimated costs, and any planned reconstruction or overlay of other streets in the City over the next five years.

For a city to use its authority under the Act to finance street reconstruction and bituminous overlay expenditures with general obligation bonds, it must meet the requirements provided therein.

Specifically, the city must hold a public hearing for public input on a SROP. Notice of such hearing must be published in the official newspaper of the city at least 10, but not more than 28 days prior to the date of the public hearing. In addition, the council must approve the SROP and issuance of street reconstruction bonds by a two-thirds majority vote of its membership present at the meeting following a public hearing.

Although a referendum is not required, a reverse referendum is allowable. If a petition requesting a vote on the issuance of bonds bearing the signatures of at least 5 percent of the votes cast in the last municipal general election is filed with the municipal clerk within 30 days after the public hearing, a referendum vote on the issuance of the bonds shall be required to authorize the issuance. If the municipality elects not to submit the question to the voters, the municipality shall not propose the issuance of bonds under the Act for the same purpose for a period of 365 days from the date of receipt of the petition.

IV. PROJECT SUMMARY

The expenditures to be undertaken with this 2025 to 2029 SROP are limited to those listed below. All other foreseeable capital expenditures within the City will come through other means or through an amendment to this SROP.

	Project Costs	
Year	Project	Amount
2025	2025 Road Reconstruction and Mill & Overlay	\$ 1,500,000
2026	2026 Road Reconstruction and Mill & Overlay	\$ 2,220,000
2027	2027 Road Reconstruction and Mill & Overlay	\$ 5,080,000
2028	2028 Road Reconstruction and Mill & Overlay	\$ 4,595,000
2029	2029 Road Reconstruction and Mill & Overlay	\$ 6,135,000
TOTAL		\$ 19,530,000

Note: See Appendix B for more detail on annual projects

V. FINANCING

The total amount of requested expenditures under the SROP is up to \$22,000,000. If these expenditures are to be funded, that amount of money is anticipated to be generated through a combination of tax levy, capital funds, municipal state-aid, and the sale of general obligation street reconstruction plan bonds over the five-year period.

Under this current SROP, the City will not issue more than \$22,000,000 in bonds. The bond sizing is based upon funding the estimated project amounts listed in Section IV (Project Summary) above which includes estimated issuance costs. The City reserves the right to move annual projects as needed and allocate more or less funding to the projects as final costs are known. Having projects listed does not mean the City has to issue bonds for the project. It just provides a mechanism for the City to fund the projects through the issuance of bonds if they choose. Annually the City Council will authorize the size and issuance of bonds as part of the overall annual street

reconstruction and mill and overlay project process. If it is determined in the future that more funding is required, the City will undertake a new SROP approval process.

In the financing of the SROP, one statutory limitation applies. Under Chapter 475, with few exceptions, cities cannot incur debt in excess of 3% of the assessor's estimated market value (EMV) for the city. The City's Pay 2025 EMV is \$2,250,374,400. As noted in the table below, the City's debt subject to this requirement, including the proposed bond issue, is within the required threshold:

Net Debt Limit	
Assessor's Estimated Market Value	2,250,374,400
Multiply by 3%	0.03
Statutory Debt Limit 67,	
Less: Debt Paid Solely from Taxes	(3,855,000)
Less: Proposed Bond Issue(s)	(22,000,000)
Unused Debt Limit	41,656,232

VI. PLAN CONTINUATION

This SROP may be reviewed annually as needed by the City using the process outlined in this document. It should review proposed expenditures, make priority decisions, and seek funding for those expenditures it deems necessary for the City. If deemed appropriate, the City should prepare an update to this SROP.

APPENDIX A

Plan Project Costs:

The 2025-2029 capital expenditure of approximately \$19,530,000 for the City's road reconstruction and bituminous overlay projects is to be funded with up to \$22,000,000 in bond proceeds.

	Project Costs	
Year	Project	Amount
2025	2025 Road Reconstruction and Mill & Overlay	\$ 1,500,000
2026	2026 Road Reconstruction and Mill & Overlay	\$ 2,220,000
2027	2027 Road Reconstruction and Mill & Overlay	\$ 5,080,000
2028	2028 Road Reconstruction and Mill & Overlay	\$ 4,595,000
2029	2029 Road Reconstruction and Mill & Overlay	\$ 6,135,000
TOTAL		\$ 19,530,000

Proposed SROP Bond Issues:

Proposed	SROP Bon	id Issues
Year		Amount
2025	\$	2,000,000
2026	\$	3,000,000

EXTRACT OF MINUTES OF A MEETING OF THE CITY COUNCIL OF THE CITY OF MOUND, MINNESOTA

HELD: NOVEMBER 12, 2025

Pursuant to due call and notice thereof, a regular or special meeting of the City Council of the City of Mound, Hennepin County, Minnesota, was duly held at the City Council Chambers on November 12, 2025, at 6:00 P.M., for the purpose, in part, of adopting a street reconstruction plan and authorizing issuance of street reconstruction bonds.

The following members v	were present:
and the following were absent:	
Member	_ introduced the following resolution and moved its adoption:
	RESOLUTION NO. 25-89

RESOLUTION ADOPTING A STREET RECONSTRUCTION AND OVERLAY PLAN AND APPROVING THE ISSUANCE OF GENERAL OBLIGATION STREET RECONSTRUCTION BONDS

WHEREAS, the City Council (the "Council") of the City of Mound, Minnesota (the "City"), has determined that it is in the best interest of the City to authorize the issuance and sale of general obligation street reconstruction bonds pursuant to Minnesota Statutes, Section 475.58, subdivision 3b, as amended (the "Act"), to finance the cost of street reconstruction projects, as described in the proposed street reconstruction and overlay plan described below, a copy of which is on file in the City Clerk's office; and

WHEREAS, pursuant to the Act, the City is authorized to issue and sell general obligation street reconstruction bonds for street reconstruction under the circumstances and within the limitations set forth in the Act. The Act provides that a street reconstruction plan may be financed with general obligation street reconstruction bonds, following adoption of a street reconstruction plan, after a public hearing on the street reconstruction and overlay plan and on the issuance of general obligation street reconstruction bonds and other proceedings conducted in accordance with the requirements of the Act; and

WHEREAS, pursuant to the Act, the City has prepared a five year street reconstruction and overlay plan for calendar years 2025 through 2029, which describes the streets to be reconstructed, the estimated costs and any planned reconstruction of other streets in the City, including the issuance of general obligation street reconstruction bonds under the Act (the "Plan"), to determine the funding strategy for street reconstruction projects; and

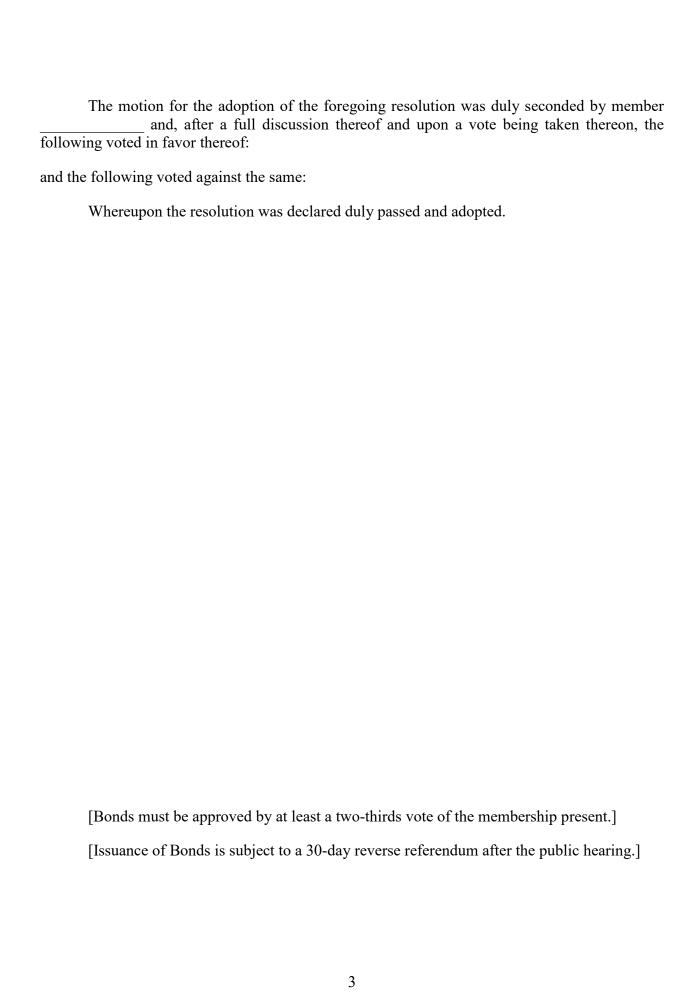

WHEREAS, on November 12, 2025, the Council held a public hearing on the adoption of the Plan and the issuance of not to exceed \$22,000,000 general obligation street reconstruction bonds (the "Bonds") under the Plan for street reconstruction improvements to those streets described in the Plan (the "Street Reconstruction Projects") after publication of the notice of public

hearing not less than 10 days nor more than 28 days prior to the date thereof in the City's official newspaper; and

WHEREAS, all parties who appeared at the public hearing were given an opportunity to express their views with respect to the proposal to adopt the Plan and to undertake and finance the Street Reconstruction Projects by the issuance of Bonds and any written comments submitted prior to the public hearing were considered.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Mound, Minnesota, as follows:

- 1. <u>Public Hearing Notice</u>. The Council hereby ratifies the actions of the City Clerk in causing the publication of the Public Hearing Notice to be published in the City's official newspaper as required by law.
- 2. <u>City Policies and Goals</u>. The financing of the Street Reconstruction Projects and the issuance and sale of the Bonds would further the policies and goals of the City as set forth in the Plan, hereby adopted by the Council in connection with the issuance of the Bonds.
- 3. Adoption of Street reconstruction and overlay plan. Based on information received at the public hearing, such written comments (if any) and such other facts and circumstances as the Council deems relevant, it is hereby found, determined and declared that:
 - (a) the Street Reconstruction Projects proposed in the Plan will allow the City to upgrade its transportation infrastructure to accommodate anticipated and existing residential and commercial development; and
 - (b) the Plan is hereby approved and adopted in the form presently on file with the City.
- 4. <u>Authorization and Approval of Bonds</u>. The City is hereby authorized to issue the Bonds, the proceeds of which will be used, together with any additional funds of the City which might be required, to finance certain costs of the Street Reconstruction Projects and to pay costs of issuance of the Bonds.
- 5. <u>Execution of Documents.</u> The Mayor and City Clerk are authorized and directed to execute such other documents and instruments as may be required to give effect to the transactions herein contemplated.
- 6. <u>Voter Referendum Contingency.</u> Pursuant to the Act, a petition requesting a vote on the question of issuing the Bonds, signed by voters equal to five percent of the votes cast in the last municipal general election, may be filed within thirty days of the public hearing. Upon receipt of such petition within the prescribed time period, the City may issue the Bonds only after obtaining the approval of a majority of the voters voting on the question of the issuance of the Bonds. The authorizations and approvals contained herein are subject to and contingent upon not receiving such a petition, or, in the event such a petition is filed, the approving vote of a majority of the voters voting on the question of the issuance of the Bonds.

STATE OF MINNESOTA HENNEPIN COUNTY

CITY OF MOUND

I, the undersigned, being the duly qualified and acting City Clerk of the City of Mound,

Minnesota, DO HEREBY CERTIFY that I have compared the attached and foregoing extract of

minutes with the original thereof on file in my office, and that the same is a full, true and complete

transcript of the minutes of a meeting of the City Council, duly called and held on the date therein

indicated, insofar as the minutes relate to adopting a street reconstruction and overlay plan and the

4

issuance of general obligation street reconstruction bonds.

WITNESS my hand on November 12, 2025.

Kevin Kelly, City Clerk

^{195308990v1} 2880

MEMORANDUM

Date: November 12, 2025

To: Honorable Mayor and City Council

From: Noah Iverson, Finance Director

Subject: Tax Abatement Bonds (Phase II Improvements to Lost Lake Commons)

Introduction

The City is proceeding with the Lost Lake Commons Phase II Improvement project, with an estimated cost of approximately \$990,000. The City has the authority under Minnesota Statute 469 to issue Tax Abatement Bonds for this improvement. To meet the City's financing parameters, it is anticipated that the City will issue tax abatement bonds with a 15-year term and the bonds will be paid with a tax levy. The City issued similar type bonds in 2015 for the refinancing of the Mound Transit Center.

Process

In order to grant tax abatement for a public improvement, the City is required to hold a public hearing on the amount of the abatement to be granted, identify the properties from which they will abate the City's portion of the taxes and describe the public purpose for granting the abatement. The public purpose and the required findings are outlined in the attached resolution.

Following is a listing of the Property Identification Numbers (PIN) in which the City will abate its portion of taxes:

13-117-24-33-0052	14-117-24-44-0035	23-117-24-11-0034	13-117-24-44-0131
14-117-24-14-0037	13-117-24-34-0045	14-117-24-44-0001	14-117-24-44-0003
14-117-24-14-0038	13-117-24-32-0169	13-117-24-43-0111	13-117-24-22-0017

These parcels were listed in the public hearing notice as required by Statute and are comprised of parcels that are not currently located in a Tax Increment Financing district or are not expected to be redeveloped in the next 15 years (term of the bonds). It should be noted that notification to these property owners is not required, as there is **no difference in tax impact** compared to other parcels within the City. In essence, the City is **allocating** its portion of the property tax from these parcels to fund the debt service on the bonds. The affected parcels will pay the **same** amount of City property tax, whether the taxes are abated or not.

Recommendation

Staff is recommending approving the resolution approving property tax abatements to fund Phase II Improvements to Lost Lake Commons.

Attachment

<u>Draft Resolution</u>: Resolution Approving Property Tax Abatements.

Additional

Stacie Kvilvang, the City's financial advisor and Senior Municipal Advisor from Ehlers, will be present at the meeting to answer questions regarding the process.

EXTRACT OF MINUTES OF A MEETING OF THE CITY COUNCIL OF THE CITY OF MOUND, MINNESOTA

HELD: NOVEMBER 12, 2025

Pursuant to due call and notice thereof, a regular or special meeting of the City Council of the City of Mound, Hennepin County, Minnesota, was duly held at the City Council Chambers on November 12, 2025, at 6:00 P.M., for the purpose, in part, of approving property tax abatements.

The following members were present:

and the following were absent:	
Member	introduced the following resolution and moved its adoption:
	RESOLUTION NO. 25-90

RESOLUTION APPROVING PROPERTY TAX ABATEMENTS

WHEREAS, the City Council (the "Council") of the City of Mound, Minnesota (the "City"), proposes to approve tax abatements to finance the costs related to Phase II improvements to Lost Lake Commons (the "Project"). The City proposes to use the abatement for the purposes provided for in the Abatement Law (as hereinafter defined), including the Project. The proposed term of the abatement will not exceed fifteen (15) years in an amount not to exceed \$1,055,000. The abatement will apply to the City's share of the property taxes (the "Abatement") derived from the property described by tax parcel identification numbers in the table below (the "Tax Abatement Property"); and

13-117-24-33-0052	14-117-24-44-0035	23-117-24-11-0034	13-117-24-44-0131
14-117-24-14-0037	13-117-24-34-0045	14-117-24-44-0001	14-117-24-44-0003
14-117-24-14-0038	13-117-24-32-0169	13-117-24-43-0111	13-117-24-22-0017

WHEREAS, on the date hereof, the Council held a public hearing on the question of the Abatement (as hereinafter defined), and notice of said hearing (the "Public Hearing Notice") was published in a newspaper of general circulation in the City at least once more than ten days but less than 30 days before the hearing; and

WHEREAS, the Council proposes to issue its general obligation abatement bonds in an amount not to exceed \$1,055,000 to finance the Project; and the Abatement will be pledged to payment of the Bonds; and

WHEREAS, the Abatement is authorized under Minnesota Statutes, Sections 469.1812 through 469.1815, as amended (the "Abatement Law").

1. <u>Public Hearing Notice</u>. The Council hereby ratifies the actions of the City Clerk in causing the publication of the Public Hearing Notice to be published in the City's official newspaper as required by law.

- 2. <u>Findings for the Abatement</u>. The City Council of the City of Mound, Minnesota hereby makes the following findings:
 - (a) The Council expects the benefits to the City of the Abatement to at least equal or exceed the costs to the City thereof.
 - (b) Granting the Abatement is in the public interest because it will:
 - (i) help provide access to services for residents of the political subdivision; and
 - (ii) finance or provide public infrastructure.
 - (c) The Tax Abatement Property is not and will not be located in a tax increment financing district during the Abatement period.
 - (d) In any year, the total amount of property taxes abated by the City by this and other existing abatement resolutions, shall not exceed ten percent (10%) of net tax capacity of the City for the taxes payable year to which the abatement applies or \$200,000, whichever is greater (the "Abatement Limit"). The City may grant other abatements permitted under the Abatement Law after the date of this resolution, provided that to the extent the total abatements in any year exceed the Abatement Limit the allocation of the Abatement limit to such other abatements is subordinate to the Abatement granted by this resolution.
- 3. <u>Terms of Abatement</u>. The Abatement is hereby approved. The terms of the Abatement are as follows:
 - (a) The Abatement shall be for up to fifteen (15) years anticipated to commence for the taxes levied in 2026 and payable in the year 2027. The City reserves the right to modify the commencement date, but the abatement period shall not exceed fifteen (15) years.
 - (b) In accordance with Section 469.1815 of the Act, the City will add to its levy in each year during the term of the Abatement the total estimated amount of current year Abatement granted under this resolution.
 - (c) The City will abate the City's share of property tax amount which the City receives from the Tax Abatement Property, cumulatively not to exceed \$1,055,000.
 - (d) The Abatement shall be subject to all the terms and limitations of the Abatement Law.

The motion for the adoption of the foregoing resolution was duly seconded by Member and, after a full discussion thereof and upon vote being taken thereon, the following voted in favor thereof:

and the following voted against the same:

STATE OF MINNESOTA HENNEPIN COUNTY CITY OF MOUND

Kevin Kelly, City Clerk	

195308954v1 **2885**

MEMORANDUM

Date: November 12, 2025

To: Honorable Mayor and City Council

From: Noah Iverson, Finance Director

Subject: 2026A Bond Issuance

Background

Per the Long-Term Financial Management Plan (FMP), the City is scheduled to issue new debt in 2025 and 2026 to fund park, street, and utility improvements. Rather than issuing two separate bonds, the City has elected to issue one bond to save on issuance costs.

The last debt issuance the City completed was 2024A, which was issued in September 2024. 2024A funded the 2021-2025 water and sewer improvements.

Park Projects

The City is scheduled to issue bonds for the Lost Lake Commons – Phase II Improvements. The City will issue tax abatement bonds for this project, which requires a public hearing (please see the tax abatement memo for details). The City plans to fund the remainder of the park's Capital Improvement Plan (CIP) with cash through 2033.

Street Projects

In 2025, the City initiated a Street Improvement CIP cycle aimed at extending the life of streets reconstructed during the 2003–2019 CIP cycle and improving several streets that were not included in that cycle. To fund these projects, the City will need to issue debt and adopt a Street Reconstruction and Overlay Plan (SROP), which requires a public hearing prior to issuance (see the SROP memo for details). This bond will fund both the 2025 and 2026 projects.

Water Projects

The City is scheduled to issue bonds for the Water Fund to finance the Evergreen Tower Recoat project and watermain improvement projects.

Sewer Projects

The City's original plan did not include issuing debt for the Sewer Fund from 2025–2033. However, an additional \$1.3 million in improvements has since been added to the CIP. Additionally, the City's Vacuum Truck will likely need to be replaced in 2027, earlier than the originally planned 2030 replacement. As a result, the City will need to issue debt in 2026 to fund the updated CIP. Projects to be financed include cured-in-place piping improvements and manhole improvements.

Summary of the City's Debt Projections

The City issued \$4.820 million in bonds in 2024 and is considering issuing \$7.240 million in bonds in 2026. The 2026 debt issuance will fund projects both in 2025 and 2026. Below is prior and future projections of the City's total bonded debt:

	Actual	Actual	Projected
	2016	2024	2026
Bonded Debt	\$67,105,000	\$33,784,000	\$33,065,000

Timeline

November 12, 2025 City Council Meeting –

Approve Resolution Providing for the Issuance and Sale of \$7,240,000 General Obligation Bonds, Series 2026A.

January 5th, 2026 Ratings and Due Diligence Calls-

Conference call with S&P Global Ratings Agency and due diligence review of the Official Statement of bond issue.

January 13th, 2026A Bond Proposal Opening-

Open bids for sale of 2026A bond issue.

January 13th, 2026 City Council Meeting –

Consider bond sale proposal, issuance, and award the sale of bonds.

Recommendation

Staff is recommending approving the resolution that provides for the issuance and sale of \$7,240,000 General Obligation Bonds, Series 2026A.

City of Mound, Minnesota

\$7,240,000 General Obligation Bonds Series 2026A

Prepared by:

Ehlers 3001 Broadway Street, Suite 320 Minneapolis, MN 55413

Advisors:

Stacie Kvilvang, Senior Municipal Advisor Jason Aarsvold, Senior Municipal Advisor Keith Dahl, Senior Municipal Advisor

BUILDING COMMUNITIES. IT'S WHAT WE DO.

EXECUTIVE SUMMARY OF PROPOSED DEBT

Proposed Issue:

\$7,240,000 General Obligation Bonds Series 2026A

Purposes:

The proposed issue includes financing for the following purposes:

- Tax Abatement \$1,055,000: This portion of the Bonds are being issued to finance phase II improvements to Lost Lake Commons, formerly known as Harbor Park. Principal will be paid from tax abatement revenues and interest will be paid with ad valorem property taxes.
- Street Reconstruction \$3,960,000: This portion of the Bonds are being issued to finance 2025 and 2026 street reconstruction and mill & overlay projects identified in the Street Reconstruction and Overlay Plan (SROP). Debt service will be paid from ad valorem property taxes.
- Utility Revenue \$2,225,000: This portion of the Bonds are being issued to finance sewer and water improvements in 2026. Debt service will be paid from utility revenues.

Authority:

The Bonds are being issued pursuant to Minnesota Statutes, Chapters:

- 444 Utility Revenue Bonds
- 469 Tax Abatement Bonds
- 475.58, subd 3b Street Reconstruction and Overlay Plan (SROP) Bonds
- 475 General Bonding Authority

Tax Abatement Portion: Under the Tax Abatement Authority, the amount of property taxes abated in any year for the Bonds, together with any outstanding annual abatements, may not exceed 10% of the City's net tax capacity (NTC) or \$200,000, whichever is greater. The greater calculation is 10% of NTC since the Pay 2025 tax capacity is \$22,752,171 so annual abatement could not exceed \$2,275,217. The proposed debt applicable to the tax abatement, plus the City's current outstanding annual abatements (2015 Bonds) leaves the City well within the statutory maximum (total of approximately \$228,000 in annual tax abatement).

Street Reconstruction Portion: Under chapter 475.58, subdivision 3b, cities are allowed to issue debt for these improvements under an approved SROP. This portion of the Bonds will count against the Net Debt Limited of 3% of the estimated market value (EMV) of taxable property in the City. Since the Pay 2025 EMV is \$2,250,374,400, the debt limit of the City is \$67,511,232. The proposed debt applicable to the SROP, plus the City's current outstanding debt secured solely from property taxes is approximately \$7,815,000 which leaves the City well within the statutory debt limit.

Utility Portion: the utility portion of the Bonds are being financed under Chapter 444, which allows cities to issue debt without limitation as long as debt service is expected to be paid from water and sewer revenues.

The City is holding the requisite public hearings for the Tax Abatement and SROP portion of the Bonds on November 12, 2025. The Bonds will be general obligations of the City for which its full faith, credit and taxing powers are pledged.

Term/Call Feature:

The Bonds are being issued for a term of 16 years. Principal on the Bonds will be due on February 1 in the years 2028 through 2042. Interest will be due every six months beginning February 1, 2027.

The Bonds will be subject to prepayment at the discretion of the City on February 1, 2036 or any date thereafter.

Bank Qualification:

Because the City is expecting to issue no more than \$10,000,000 in tax exempt debt during the calendar year, the City will be able to designate the Bonds as "bank qualified" obligations. Bank qualified status broadens the market for the Bonds, which can result in lower interest rates.

Rating:

The City's most recent bond issues were rated by S&P Global Ratings. The current rating on those bonds is "AA+"/Stable outlook. The City will request a new rating for the Bonds.

If the winning bidder on the Bonds elects to purchase bond insurance, the rating for the issue may be higher than the City's bond rating in the event that the bond rating of the insurer is higher than that of the City.

Basis for Recommendation:

Based on your objectives, financial situation and need, risk tolerance, liquidity needs, experience with the issuance of Bonds and long-term financial capacity, as well as the tax status considerations related to the Bonds and the structure, timing and other similar matters related to the Bonds, we are recommending the issuance of Bonds as a suitable option.

Method of Sale/Placement:

We are recommending the Bonds be issued as municipal securities and offered through a competitive underwriting process. You will solicit competitive bids, which we will compile on your behalf, for the purchase of the Bonds from underwriters and banks.

An allowance for discount bidding will be incorporated in the terms of the issue. The discount is treated as an interest item and provides the underwriter with all or a portion of their compensation in the transaction.

If the Bonds are purchased at a price greater than the minimum bid amount (maximum discount), the unused allowance may be used to reduce your borrowing amount.

Premium Pricing:

In some cases, investors in municipal bonds prefer "premium" pricing structures. A premium is achieved when the coupon for any maturity (the interest rate paid by the issuer) exceeds the yield to the investor, resulting in a price paid that is greater than the face value of the bonds. The sum of the amounts paid in excess of face value is considered "reoffering premium." The amount of the premium varies, but it is not uncommon to see premiums for new issues in the range of 2.00% to 10.00% of the face amount of the issue. This means that an issuer with a \$2,000,000 offering may receive bids that result in proceeds of \$2,040,000 to \$2,200,000.

For this issue of Bonds we have been directed to discuss on the day of sale if the net premium will be used to reduce the size of the issue or increase the net proceeds for the project. The resulting adjustments may slightly change the true interest cost of the issue, either up or down.

The amount of premium can be restricted in the bid specifications. Restrictions on premium may result in fewer bids, but may also eliminate large adjustments on the day of sale and unintended impacts with respect to debt service payment. Ehlers will identify appropriate premium restrictions for the Bonds intended to achieve the City's objectives for this financing.

Review of Existing Debt:

We have reviewed all outstanding indebtedness for the City and find that there are no refunding opportunities at this time.

We will continue to monitor the market and the call dates for the City's outstanding debt and will alert you to any future refunding opportunities.

Continuing Disclosure:

Because the City has more than \$10,000,000 in outstanding debt subject to a continuing disclosure undertaking (including this issue) and this issue does not meet an available exemption from continuing disclosure, the City will be agreeing to provide certain updated Annual Financial Information and its Audited Financial Statement annually, as well as providing notices of the occurrence of certain reportable events to the Municipal Securities Rulemaking Board (the "MSRB"), as required by rules of the Securities and Exchange Commission (SEC). The City is already obligated to provide such reports for its existing bonds, and has contracted with Ehlers to prepare and file the reports.

Arbitrage Monitoring:

The City must ensure compliance with certain sections of the Internal Revenue Code and Treasury Regulations ("Arbitrage Rules") throughout the life of the issue to maintain the taxexempt status of the Bonds. These Arbitrage Rules apply to amounts held in construction,

escrow, reserve, debt service account(s), etc., along with related investment income on each fund/account.

IRS audits will verify compliance with rebate, yield restriction and records retention requirements within the Arbitrage Rules. The City's specific arbitrage responsibilities will be detailed in the Nonarbitrage Certificate (the "Tax Compliance Document") prepared by your Bond Attorney and provided at closing.

The Bonds may qualify for one or more exception(s) to the Arbitrage Rules by meeting 1) small issuer exception, 2) spend down requirements, 3) bona fide debt service fund limits, 4) reasonable reserve requirements, 5) expenditure within an available period limitations, 6) investments yield restrictions, 7) de minimis rules, or; 8) borrower limited requirements.

An Ehlers arbitrage expert will contact the City within 30 days after the sale date to review the City's specific responsibilities for the Bonds.

Investment of Bond Proceeds:

Ehlers can assist the City in developing a strategy to invest your Bond proceeds until the funds are needed to pay project costs.

Other Service Providers:

This debt issuance will require the engagement of other public finance service providers. This section identifies those other service providers, so Ehlers can coordinate their engagement on your behalf. Where you have previously used a particular firm to provide a service, we have assumed that you will continue that relationship. For services you have not previously required, we have identified a service provider. Fees charged by these service providers will be paid from proceeds of the obligation, unless you notify us that you wish to pay them from other sources. Our pre-sale bond sizing includes a good faith estimate of these fees, but the final fees may vary. If you have any questions pertaining to the identified service providers or their role, or if you would like to use a different service provider for any of the listed services please contact us.
