## Concerns

If there are specific areas of concern within the project area that you would like the design staff to investigate, please reach out to City Engineer Matt Bauman by Friday, March 7, 2025.

## Further Information

Additional details about the project on the City's website:

[Engineering & Construction Projects | Mound, MN](#)

## Overview

The City of Mound is starting the design phase for the approved 2025 Street Improvement Project. The project includes the following streets:

Resthaven Lane  
Enchanted Road

Crestview Road  
Glen Elyn Road  
Heron Lane

Woodland Road  
Paradise Lane

Proposed improvements include:

- Replacement of existing road sections to meet current City standards
- Evaluating curbs and performing spot replacement of defective areas
- Replacement of sanitary sewer manhole castings
- Stormwater system drainage and treatment improvements

## Schedule

On Tuesday, February 11, 2025, the project was authorized by Mound City Council to finalize the project scope and design. The project is projected to go out for bid later this spring. Construction is planned for this summer and construction is expected to be complete this fall.
