

*Protecting, Maintaining and Improving the Health of All Minnesotans*

June 15, 2018

City Clerk  
Mound City Hall  
2415 Wilshire Boulevard  
Mound, MN 55364

Dear City Clerk,

The Minnesota Department of Health Oral Health Program and Minnesota Department of Health Drinking Water Protection Section are pleased to present you with the American Dental Association (ADA), Association of State and Territorial Dental Directors (ASTDD), and Centers for Disease Control and Prevention (CDC) 2017 **Community Water Fluoridation "50 Year Award"**. This award is given jointly to recognize public water systems that have consistently adjusted the fluoride concentration in drinking water for the past 50 years.

Because of your efforts and continued support from generations of dental professionals and other health care providers, health care and public health organizations, community leaders, water professionals, and untold others, the prevention of tooth decay through community water fluoridation is recognized by the CDC as one of 10 great achievements in public health of the 20<sup>th</sup> century.

Water systems and their customers value the ability to demonstrate attainment of quality service. Awards can be a good tool for promoting water fluoridation and we hope that this award will provide you with an opportunity to highlight the excellent work being done by your system. Congratulations on this outstanding performance and thank you for providing safe, dependable drinking water for your community. If you have any questions about the award, please contact either David Rindal at (651) 201-4660 and ([david.rindal@state.mn.us](mailto:david.rindal@state.mn.us)) or Prasida Khanal at (651) 201-3538 and ([prasida.khanal@state.mn.us](mailto:prasida.khanal@state.mn.us)).

Sincerely,

Prasida Khanal, MPH, BDS  
Director | Oral Health Program
