

WAIVER OF PLATTING INFORMATION

2415 Wilshire Boulevard, Mound, MN 55364
Phone 952-472-0600 FAX 952-472-0620

Any parcel of land, either platted or unplatted, that has been combined for tax purposes or for other reasons, cannot be re-separated or divided without an approved subdivision or a waiver of the platting requirements of City Code Section 121-33 (2).

If any variances are required, the application shall be processed as any other variance request in accordance with Section 121-3.

The following information must be included with your application for Waiver of Platting:

1. Accurately completed application form, including name, address, phone numbers, and signatures of applicant and all owners. Also any fees and escrow deposits as indicated on the application form.
2. Certificate of Survey completed in accordance with the City of Mound Survey Requirements.
3. Hardcover Calculations for each proposed parcel, if applicable.
4. One 8-1/2" x 11" size copy of plans and survey must be submitted with application (may be reduced). If scaled plans or survey are larger than 11" x 17", then 20 copies must be submitted with application.
5. Surveyor to submit proposed legal descriptions in electronic form to SarahSmith@cityofmound.com

If any of the above material is not submitted by the deadline date, you will not be placed on the agenda for that month.

PLEASE BE ADVISED that after property is subdivided, the lots will still retain their "lot of record" status. Any newly created building lots will be subject to a park dedication fee as set by City Council. A street improvement unit charge may also be applicable.

COMPLETE / INCOMPLETE APPLICATIONS

An incomplete application will delay the processing of land use requests. The application approval time commences and an application is considered officially filed when City staff has received and examined the application and determined that the application is complete. The decision whether the application is complete or incomplete shall be made within fifteen (15) business days following submittal of the application. When the application is deemed to be "complete" it shall be placed on the agenda of the first possible City Council meeting occurring approximately thirty (30) days from the date of official submission of the application.

PAYMENT OF FEES

The applicant acknowledges that she/he understands that before this request can be considered, all required information and fees (including all deposits) must be paid to the City in advance. If additional fees are required to cover costs incurred by the City, the City Manager has the right to require additional payment from one or more of the applicants, who shall be jointly liable for such fees. Such expenses may include (but are not limited to) direct city payroll and overhead costs, fees paid to consultants and other professionals, and the cost of printing, mailing and supplies. The City may withhold final action on a land use application and/or rescind prior action until all miscellaneous fees have been paid.

Land Use Application Outstanding Balances (Effective 12/13/05)

Any and/or all outstanding balances from an applicant must be paid before a new land application from that applicant will be accepted and deemed to be complete. Any and/or all outstanding balances from a previous application seeking the same type of approvals involving the same parcel must be paid before the new application will be accepted and deemed complete.

ESCROW / BILLING POLICY

Applicants are advised that an escrow deposit is required at the time of the submittal of the development application to offset costs associated with the proposed project. The amount of the escrow may be determined based upon the estimated cost of the project.

The City of Mound will provide a quarterly billing of all itemized charges that have been incurred. Remaining escrow monies will be returned after written request to the City, no sooner than 60 days after release of the resolution for filing.
